

## **END-USER LICENSE AGREEMENT (EULA)**

**IMPORTANT: PLEASE READ THIS AGREEMENT CAREFULLY BEFORE INSTALLING OR USING THE SOFTWARE.**

This End-User License Agreement ("Agreement") is a legal agreement between you (the "Licensee") and Statistical Innovations Europe ("Licensor"). By installing or using this software (the "Software"), you agree to the terms of this Agreement. If you do not agree, you must not install or use the Software.

---

### **1. LICENSE TYPES**

The Software is licensed, not sold, and is subject to either an Academic License or a Standard License, depending on your intended use.

#### **A. Academic License**

This license applies only to individuals or institutions that meet **all** of the following criteria:

1. The Licensee is affiliated with an accredited academic institution as a student, faculty member, researcher, or staff member.
2. The Software is used exclusively for non-commercial academic purposes, such as teaching, coursework, or academic research that is not intended for commercial gain or external funding.
3. Academic affiliation alone does not qualify for an Academic License. Use in consulting, externally funded research, or any revenue-generating activity requires a Standard License.
4. Proof of academic status (e.g., institutional email address, ID card) may be required during registration or activation.
5. Academic Licenses may not be shared or used outside the academic context.

#### **B. Standard License**

This license applies to all uses of the Software not covered by the Academic License, including:

1. Use by individuals or organizations—whether for-profit or non-profit—for consulting, business operations, product development, externally funded research, or other revenue-generating activities.
  2. Use by non-academic institutions, or by academic institutions when the Software is used outside the scope of teaching or unfunded research.
  3. The Standard License must be explicitly purchased and granted by the Licensor. The number of users, installations, or seats is governed by the specific terms of the license.
- 

### **2. SINGLE-USER LICENSE**

1. A Single-User License permits use by one individual only.
  2. The Licensee may install and use the Software on up to three (3) personal computers owned by them.
  3. Sharing the license or allowing others to use the Software under it is not permitted.
- 

### **3. CONCURRENT-USER LICENSE**

1. A Concurrent-User (or Network) License allows multiple users within the same organization to use the Software concurrently, up to the number of seats specified in the license.
  2. The Software may be installed on multiple computers within the organization, provided that no more than the licensed number of users access it simultaneously.
  3. It is the Licensee's responsibility to ensure compliance with the concurrent usage limit.
  4. Concurrent-User Licenses may not be used outside the organization to which they were issued and may not be shared with other entities.
- 

### **4. USAGE RESTRICTIONS**

1. The Software may not be modified, reverse-engineered, decompiled, or disassembled, except where permitted by law.
2. Redistribution of the Software is not allowed without explicit written permission from the Licensor.
3. Academic License holders may not use the Software for commercial purposes or share it outside the academic context.

---

#### **5. OWNERSHIP AND INTELLECTUAL PROPERTY**

All rights, title, and interest in the Software and accompanying materials remain the exclusive property of the Licensor. No ownership rights are transferred to the Licensee under this Agreement.

---

#### **6. SUPPORT AND UPDATES**

1. Academic License holders may be eligible for limited support and updates at the Licensor's discretion.
2. Standard License holders may receive support and updates as defined in their specific license agreement.

---

#### **7. DISCLAIMER OF WARRANTY**

The Software is provided "AS IS," without warranties of any kind. To the extent permitted by law, the Licensor disclaims all express or implied warranties, including merchantability, fitness for a particular purpose, and non-infringement.

---

#### **8. LIMITATION OF LIABILITY**

The Licensor is not liable for any indirect, incidental, special, or consequential damages arising from the use of the Software, even if previously advised of such possibilities.

---

#### **9. TERM AND TERMINATION**

1. This license remains in effect until terminated.
2. The Licensor may terminate this Agreement immediately if the Licensee breaches any terms. Upon termination, the Licensee must stop using and delete all copies of the Software.

---

#### **10. GOVERNING LAW**

This Agreement is governed by the laws of the European Union and The Netherlands, without regard to conflict of law principles.
